

# It's time to streamline your processes

PaperSave® can dig you out of a landslide of inefficiencies

PaperSave gives you the ability to go paperless and focus your efforts on critical tasks, and not the mountains of paper.

Integrated with NXT and the NXT tile, PaperSave simplifies the document capture process through automation, streamlines processes by removing redundancies and provides sophisticated search and retrieval features. PaperSave enables better Records Management through tight security, audit trails and record retention rules.
